Appointment of a Welfare Officer to the
Mysore City Municipality on an honorarium
of Rs 60/- per mensem

Letter No C 3 P 21 dated the 15th 12
September 1948 from the President,
Mysore City Municipality requesting sanction
of Govt to the resolution of the
MLC dated the 11th September
1948 on the above subject

The necessity for the appointment
has been explained in detail in the
above letter. The extra cost involved
is proposed to be met from the pro-
visions made under Welfare
Works in the current year's
budget of this Mty.

2) It has been mentioned in the
resolution of the MLC that the
Health Committee would appoint
the Welfare Officer for this official
year on the honorarium referred
to viz Rs 60/- per mensem.

for
25-9-48

3) The honorary officer can & has
do little for himself when he has to
deal with such a large number as
1500 miles he often works through

ml

The Supervising Staff of the Municipality who are in day-to-day contact with the men If this is accepted it would follow that the work proposed to be assigned to new honorary officer can best be done by the Health Officer and his assistants and the creation of another post avoided especially when the finances of the Municipality are in a precarious condition and there is every need to conserve funds

30/9
This is a superfluous appointment, especially when the finances of the M.C. are at a very low ebb. There is not even a whole-time men & health staff who and understanding, the existing health staff who exercise control over the work of the sweeps & scavengers can any day do better work than the proposed welfare men. I agree

6) The resolution is to appoint a Welfare Officer on 60 Rs to two and 2 The official year is about 9 months involving an expenditure of Rs 540 I think it is worth a trial. If it is found to be of no use, it may be discontinued

Subject - Appointment of a Welfare Officer to the Municipality

I have the honour to state that the number of sweepers in the Municipality as per roll is 850. They are coming under the influence of certain persons styling themselves as their friends and coerced into becoming the members of an organisation called 'Municipal Sweepers Association' and made to pay some subscription. There were several threatening letters and notices received in the Municipal Office from the self-appointed office-bearers of the Association in the year 46-47. It was then thought that the staff may go out of control of the Municipal authorities unless effective steps were taken to check the spread of the unhealthy propaganda by persons intent on creating trouble and mischief.

One of the difficulties in the present method of handling the sanitary staff was found to be lack of close contact with them and understanding their difficulties and problems which furnishes a happy hunting ground for exploitation by irresponsible agitators. Such unrest once started, it is feared, may spread to other class of Municipal subordinates also. It was therefore thought necessary that a method of counteracting of such activities and to build up harmonious relationship and good understanding between the Municipal authorities and the staff should be devised as the regular officers who have to take work from the staff cannot, for obvious reasons, take up this work, and it would, to some extent, conflict with the strict enforcement of discipline. It is felt that there should be an independent officer continuously in touch with the men in question and who understands their problems.

as a sort of a liaison officer between them on the one hand and the authorities on the other

The question was discussed several times by the Council and no definite decision had been taken so far. The question was again taken up by the Council and examined in detail, and they have finally approved of the recommendation of the Health Committee regarding the appointment of a Welfare Officer on an honorarium of Rs 60/- p m the Health Committee being authorised to make the said appointment. In enclosing herewith a copy of the resolution referred to above, I request you kindly to obtain sanction of Government for the appointment of a Welfare Officer till the end of the official year as resolved by the Council. The cost will be met out of the provisions made under 'Welfare Works' in the current year's budget.

Yours faithfully,

Sh. Lal
